

Go-Flexi Services F1 & F2 run from Newburgh to St Andrews via many villages in between. They're normal bus services with a fixed timetable and use normal bus stops along their routes. But, by phoning Go-Flexi in advance, you can divert Services F1 & F2 from their normal routes to call at additional, nearby villages or 'FlexiPoints', as we call them.

If you want picked-up at a FlexiPoint, you simply call Go-Flexi at least 1 hour before you want to travel. You will be given an estimated pick-up time for your FlexiPoint based on the timetable for the normal route. If you want dropped-off at a FlexiPoint, you don't need to phone at all - you simply tell the driver where you want to go when you board the bus. **There's no need to phone if you want to go to/from a point on the normal route.** Only phone if you need picked-up from a FlexiPoint. Depending on the number of FlexiPoints visited on each journey, journeys may run up to 10 minutes later than timetabled.

Routes: (FlexiPoints are shown in blue)
